Our Vision

- Our app aims to provide users with a place to jot down their thoughts and notes

What Sparked The Idea

- Other Competitors: OneNote, EverNote, Keep
- Desire for a simple formula

Problem

- Other apps were too cluttered and overwhelming

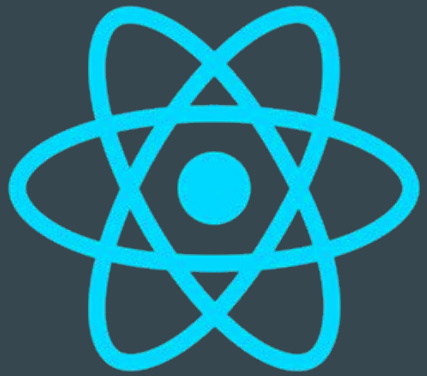
Solution

- Our app is a simple and streamlined place for users to capture their thoughts

Demo

Initial Tech Stack

Final Tech Stack



React Native

Realm

Impediments

- Getting Started
- Distributing work
- Github struggles

Future Goals

- Ability to sync notes with realm object server
- Customizability
- Improved EXP system and Analytics

What did we learn

- Teamwork
- Things don’t always go according to plan
- Time management skills
- How to learn

Q/A
